

TAKE ACTION AGAINST FLAVORED TOBACCO

There are over 15,000 flavors that play a key role in making flavored tobacco products more appealing to youth.¹

DID YOU KNOW?

97% of youth who vape use flavors²

In 2019, in Merced County

86% of little cigars and cigarillos (LCCs) available for purchase were fruit or sweet flavored³

66% of flavored products available for purchase were on sale³

From 2016 to 2019

Stores selling flavored non-cigarette tobacco products increased from **78%** to **89%**³

Stores near schools selling flavored non-cigarette tobacco products increased from **62%** to **76%**³

MAKE A CHANGE IN MERCED COUNTY
