

TAKE ACTION AGAINST FLAVORED TOBACCO

There are over 15,000 flavors that play a key role in making flavored tobacco products more appealing to youth.¹

DID YOU KNOW?

97% of youth who vape use flavors²

In 2019, in Stanislaus County

53% of little cigar and cigarillo (LCC) flavors available for purchase were mint flavored³

88% of stores near schools sold flavored non-cigarette tobacco products³

From 2016 to 2019

Stores selling flavored non-cigarette tobacco products increased from **91%** to **94%**³

Stores selling single little cigars and cigarillos (LCCs) increased from **58%** to **62%**³
