

TAKE ACTION AGAINST FLAVORED TOBACCO

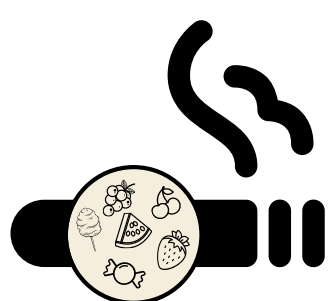

There are over 15,000 flavors that play a key role in making flavored tobacco products more appealing to youth.¹

DID YOU KNOW?

97% of youth who
vape use flavors²

In 2019, in San Joaquin County

81% of little cigar and
cigarillo (LCC) flavors
available for purchase were
fruit or sweet flavored³

90% of stores sold flavored
non-cigarette tobacco
products³

89% of stores near
schools sold flavored non-
cigarette tobacco products³

From 2016 to 2019

Stores selling single little
cigars and cigarillos
increased from **62%** to **67%**³
